Variazioni
Variations

Per un corretto utilizzo i divani devono essere completati con i cuscini di schienale oppure con i cuscinetti accessori.
Le cuciture praticate di serie su questo modello sono: taglio vivo (pelle), pizzicata (tessuto) e cannet  in tinta o a contrasto (velluto).

A richiesta e senza maggiorazione, viene praticata una cucitura a costina che rende i rivestimenti pi  abbondanti, per un aspetto e una seduta pi  soffice e destrutturata.

Le imbottiture in piuma conferiranno al divano un aspetto pi  destrutturato e vissuto, le forme dei cuscini diverranno quindi pi  morbide.

*For a correct use, the sofas must be completed with back cushions or with accessory cushions.
The standard stitching on this model is: raw cut (leather), plucked (fabric) and cannet  profile in the same or contrasting color (velvet).*

Upon request and without price increase, a rib stitching is practiced which makes the coverings more abundant, for a softer and more unstructured appearance and seating.

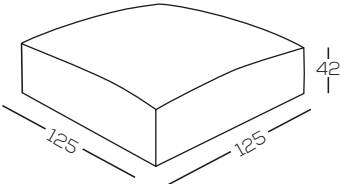

The feather padding will give the sofa a more unstructured and worn look, the shapes of the cushions will therefore become softer.
